### TASK 1: SPELLING
You need to fix my writing. Rewrite correctly in your homework book without any mistakes. Highlight or underline the ‘spots/places’ where you corrected the error. Show correct letter formation.

Do’n’t worrie if you can’t rememember sumthing on the first tri. That’s were practice comes in. There are also tricks callid mnemonic (say: new-mah-nik) devices that can help you remember stuph when you’re tring to memorize a list of things, make up a frase that uses the first letter of each. For example, r u trying two learn the eighte planets and there order from the sun? Think: My Very Excellent Mother Just Served Us Nachos to remember Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus, and Neptune. Your teacher can give you idears, to. Anuther waie to break it up is to study regulaly insted of just the knight before. You can always review your notes and reed over the chaptrs you're working on. Or, if your studying math or science, do some practice problems.

How much studying shood you do each nite? Your teacher can help you figure it out. Most brains cane only pay atenttion for about fortie phive minutes. So if you’ve been working for awhile and find it hard two pay attention, tri taking a break for sum water or a walke around the house. Just fight the tenmptation to turn on the TV or stop working!
